

ADVANCED

SAND AND FINISH SCHOOL

TAKE YOUR SANDING AND FINISHING SKILLS TO THE NEXT LEVEL!

Join us in Victoria, BC April 25-27, 2017 for three days of hands-on sanding and finishing training and the opportunity to work with Norton Abrasive products, including Norton|Vermont Natural Coatings PolyWhey Professional Wood Floor Finishes.

Join other professionals for an advanced Sand & Finish training event at The Finishing Store in Victoria, BC. Learn from NWFA certified experts through all phases of the sanding and finishing process. You'll master advanced sanding techniques for minimizing scratch patterns and getting an optimal finish on all species of wood and parquet floors, techniques for working with water based finishes to achieve flawless results, and how to make seamless repairs in stained floors.

Tap the expertise of instructors to gain valuable information on equipment use and maintenance and choosing the right abrasive and finishing techniques that yield high quality results. Enjoy hands-on experience with Norton Abrasive products, and Norton|Vermont Natural Coatings Polywhey Professional Wood Floor Finishes.

your NWFA degree.**

PARTNERS IN EDUCATION

April 25-27, 2017

The Finishing Store
780 Topaz Ave, Victoria, BC V8T 2M1

INSTRUCTORS

Bob Goldstein, Vermont Natural Coatings, CWFI, CSF, CI

Bob is an NWFA Certified Inspector, Installer and Sand and Finisher and has served as president of a professional flooring contracting company, as a vocational education instructor, as a sales representative for a sanding machine company and as an independent consultant for hardwood floor sales, inspections, installations and training. He holds NWFA Craftsman, Master Craftsman, Advanced Master, Vanguard and Ambassador degrees.

Greg Mihaich, Norton Abrasives, CSF, CI

Greg is a second generation floor sanding contractor with over 30 years of experience in the industry, having worked exclusively on high end residential and commercial projects throughout his career. He is active in the NWFA, instructing at schools ranging from beginner to expert, has participated in multiple committees and is NWACP certified in Install and Sand and Finish. Greg has worked for Norton for eight years as an Application Engineer and during that time has worked closely with contractors as an educator and technical resource in all facets of wood flooring.
