

EXPERT

SAND AND FINISH SCHOOL

TAKE YOUR SANDING AND FINISHING SKILLS TO THE NEXT LEVEL!

Join us in Hardwick, VT September 19-22, 2017 for a week of hands-on sanding and finishing training and the opportunity to work with Norton Abrasive products, including Norton|Vermont Natural Coatings PolyWhey Professional Wood Floor Finishes.

Join other professionals for an expert Sand & Finish training event at the Vermont Natural Coatings Training Facility in Hardwick, VT. Learn from NWFA certified experts through all phases of the sanding and finishing process. You'll master advanced sanding techniques for minimizing scratch patterns and getting an optimal finish on all species of wood and parquet floors, how to work with custom colors, bleach and dyes, and how to make seamless repairs in stained floors.

Tap the expertise of instructors to gain valuable information on equipment use and maintenance and choosing the right abrasive and finishing techniques that yield high quality results. Enjoy hands-on experience with Norton Abrasive products, Norton|Vermont Natural Coatings Polywhey Professional Wood Floor Finishes and the full line of LÄGLER professional floor sanding equipment.

your NWFA degree.**

PARTNERS IN EDUCATION

September 19-22, 2017

Vermont Natural Coatings Training Facility
85 Industrial Park Road, Hardwick, VT 05843

INSTRUCTORS

Bob Goldstein, Vermont Natural Coatings,
CWFI, CSF, CI

Bob is an NAWFA Certified Inspector, Installer and Sand and Finisher and has served as president of a professional flooring contracting company, as a vocational education instructor, as a sales representative for a sanding machine company and as an independent consultant for hardwood floor sales, inspections, installations and training. He holds NAWFA Craftsman, Master Craftsman, Advanced Master, Vanguard and Ambassador degrees.

Greg Mihaich, Norton Abrasives, CSF, CI

Greg is a second generation floor sanding contractor with over 30 years of experience in the industry, having worked exclusively on high end residential and commercial projects throughout his career. He is active in the NAWFA, instructing at schools ranging from beginner to expert, has participated in multiple committees and is NAWFA certified in Install and Sand and Finish. Greg has worked for Norton for eight years as an Application Engineer and during that time has worked closely with contractors as an educator and technical resource in all facets of wood flooring.
