Description

Beartex hand pads are ideal for a broad range of applications from cleaning and finishing to deburring and light polishing operations. The flexibility of Beartex products ensures constant contact with the surface and prevents cutting or gouging when working. Can be folded to suit hand / shape. Perforated pads for clean and easy tearing also available. These perforations allow for smooth, shred free split to create 2 smaller, easy to use 115mm x 150mm pads

Features & Benefits

Excellent flexibility, easy to tear, for dry or wet use. Combine the grey and gold pads with Norton Scuff Gel to clean, degrease and abrade in one step.

Open mesh construction resists clogging

Lasts longer than standard sandpaper and will not gouge the workpiece when used
