

Mini Xtreme - Flap Discs flap disc 50 Gr40 Norton Mini Xtreme

Artical Number: 66261180892

EAN: 3157624594792

SizeDerived: 50

Description

Mini Xtreme flap discs are ideal for aggressive and quick operations on stainless, titanium and super alloys.

Features & Benefits

A mini version of the flap disc, this version is ideal for cleaning and removing metal from flanges, panels, and finishing spot welds prior to applying primer

Ideal for carbon steel and welds

NorZon grain provides high stock removal rates with medium to high pressure

Strong zirconia alumina plus for high stock removal rate on rough grinding and deburring of steel and stainless steel

Delivers aggressive cut rate and longer life on carbon steel and welds

The backing system allows flexibility in blending and finishing operations and the small size can access hard-to-reach areas

Prevents loading on aluminium and other soft materials
