

Blaze Rapid Strip - Rapid Strip wheels rapid strip wheels 200x12mm Extra Coarse Orange Norton BLAZE

Artical Number: 66623393517

EAN: 3157629518298

SizeDerived: 200x12mm

Description

With their thick, strong synthetic fibres, extra coarse silicon carbide abrasive grain and open web construction, Blaze Rapid Strip wheels strip and clean fast, don't load or shred and last up to twice as long as other stripping products.

Features & Benefits

For use on flexible shaft grinders, straight grinders and drills

The best choice for removal of surface rust and residue, corrosion, light weld splatter, dirt, mill scale and other similar surface contaminants

Blaze lasts 2x longer than competitor products thanks to the ceramic alumina long-lasting grain

Ideal for corners and tight spaces

Cut costs by replacing some processes, multiple applications can be carried out with only one disc

Leaves a thoroughly cleaned surface for subsequent processes such as coating, painting and soldering

Extremely versatile; can withstand aggressive use, but soft enough to prevent gouging and rework

Leaves the surface thoroughly cleaned to ensure excellent adhesion for the next stage of the process

Apply pressure to strip or remove coatings; use lighter pressure to finish like a surface finishing wheel

Application Data

Material Application: Steel, Stainless Steel

Machine: Straight Grinder

Process: Stripping

Equipments:
