

MeshPower – Ceramic Self-Grip Sheets

Mesh sandpaper sheets selfgrip 70x125mm Gr240 Norton MESHPOWER

Artical Number: 69957325774

EAN:

SizeDerived: 70x125mm

Description

An alternative to traditional perforated paper sheets, Norton MeshPower is a multifunctional abrasive, designed with thousands of holes, created by the unique mesh matrix structure. This hole structure allows dust extraction in any application.

Features & Benefits

Ceramic grain provides the highest performance thanks to its micro-fracturing properties which means the abrasive stays sharper and lasts longer than the aluminium oxide version

Mesh backing enables excellent dust extraction, for a cleaner working environment and less clean up time

No-Fil® technology is applied to the abrasive grain for longer product life and a consistent cut for the entire life of the product

No-fil® technology prevents clogging for longer product life

Can be used wet or dry

Self grip backing for a quick and easy sheet change

No defined hole pattern, saves time and effort aligning holes, just apply, and go

Self-grip backing for a quick and easy sheet change

Can be used on many materials, flat and contoured surfaces, by hand or machine

No defined hole pattern, saves time and effort aligning holes, just apply, and go

No defined hole pattern for fast, easy alignment with the back-up pad

Application Data

Material Application: Paint & Varnish, Plastic & Composites, Wood & Chipboard

Machine: Sanding Block

Process: Sanding

Equipments:

Technical Data

Coated Sub-Shape:	Cut sheet (< std sht)	Grit:	240
Backing Material:		Number Of Dust Collection Intake Holes:	None
Backing Treatment:	Velcro(>68 , <= to 95 g/m²)	Length:	125 mm
Marketing CAP:	M920	Width:	70 mm
