

Blades - EXTREME GRANITE

Diamond Blade 500x25.4mm Norton Clipper EXTREME GRANITE

Artical Number: 70184603312

EAN:

SizeDerived: 500x25.4mm

Description

The Norton Clipper Extreme Granite diamond blades are specially designed for cutting hard materials and are suitable for use on hand-held saws and small masonry saws

Features & Benefits

15mm segment height laser welded segments for prolonged life

The 15mm 'Duo' shaped trapezoidal segments are produced with i-HD™ technology making them optimised for cutting hard materials such as granite, natural stone, concrete slabs and blocks

Blade segments also provide benefits such as super long life, excellent cutting speed, improved operator comfort and low vibration

Innovative specification to help efficiently cut hard materials like granite or natural stone

Exclusive "arrow" shaped gullet slots help to indicate the correct direction of rotation

The Extreme Granite also provides optimum safety against segment loss

The exclusive "arrow" shaped gullet slots permanently indicate the correct direction of rotation

Very long life

Specially designed for the cutting of hard materials like granite or natural stone

Application Data

Material Application: Tiles & Natural Stone

Machine: Petrol Saw

Process: Cut-Off
