Nex - Unified discs with backing unified disc 125x6x22mm Fine Grey Norton Nex

Artical Number: 77696067118

EAN: 3157629541951

SizeDerived: 125x6x22mm

Description

Rapid Blend discs have a unitised construction with varying weave, from open to tighter, for deburring to finishing applications.

Features & Benefits

A unitised construction with varying weave from open structure for deburring to tighter for finishing

Fine silicon carbide and flexible density unitised construction for a smooth, controlled blending/finishing application

Cuts more freely and with less heat than competitor products

Fast finish achieved with a wide range of products to suit a variety of finish requirements

Undersized backing plate gives longer usable diameter

Application Data

Material Application: Steel, Special Alloys, Stainless Steel

Machine: Angle Grinder

Process: Blending

Equipments:

Technical Data

Marketing CAP:	U4401	Arbor Hole:	22 mm
Backing Material:		Diameter:	125 mm
Grit:	FINE	Width:	6 mm
Color:	Grey		
Coated Shape:	Unified Wheel	Maximum Operating Speed (RPM):	12000 rpm
Coated Sub-Shape:	Depressed center disc		
Density:	Density 2
