

# WE HAVE YOU COVERED!

## HIGH DENSITY PLASTIC SHEETING (HDPE)

Our multi-purpose painter's plastic sheeting protects virtually any area from sanding dust and paint overspray with ease – even after repositioning. Our High Density Plastic Sheetting (HDPE) is designed to be one of the strongest most durable products on the market.

- Resists tearing and solvent bleed-through with light weight .31 mil High Density Polyethylene plastic (HDPE)
- Holds in place as it clings to horizontal or vertical surfaces during taping with its natural electrostatic properties
- Attracts and holds sanding debris for a dust free finish
- Drapes easily over furniture

PART #	SIZE	THICKNESS	COLOR	QTY/PACK	PACKS/CASE
076607 <b>68142</b>	9' x 400'	.31 mil	Clear	1	1
076607 <b>68143</b>	12' x 400'	.31 mil	Clear	1	1

Also available by the pallet.

## LOW DENSITY PLASTIC SHEETING (LDPE)

Our Low Density Plastic Sheetting (LDPE) is perfect for DIY and professional use. This light weight product is available in both black and clear and can be used as a vapor barrier for paint protection or as a general cover for anything that needs relief from dust or other elements.

- Low Density Plastic Sheetting (LDPE) designed for strength and flexibility
- Heavy-duty polyethylene provides a strong durable product
- Excellent vapor barrier and paint protection
- For DIY and professional use
