PRIMER & TEXTURED PAINT

FAST DRYING ANTICORROSION PRIMER

One component, ultra-fast drying, anticorrosion primer for use in automotive priming.

Primer in grey and dark grey, can be applied on all surfaces, ideal for fast repairs after sanding, spot or panel repair, especially for smaller surfaces.

FEATURES

- One component
- Anticorrosion primer

BENEFITS

- Fast drying
- High adhesion on metal, steel, galvanized steel, aluminum and plastics
- Can be coated with any type of topcoats

COLOUR	VOLUME	ART NO.	PK QTY
Grey	400 ml	63642504256	6
Dark Grey	400 ml	63642504398	6

TEXTURED PAINT FOR PLASTIC

Fine-grain textured paint with direct adhesion on plastics, for quick plastic repair or to cover up overspray on plastic. Designed for bumper and trim applications.

Available in black and anthracite grey in a 400ml aerosol can and a 1 litre tin.

FEATURES

- One component
- Textured paint

BENEFITS

- Fast drying
- High coating
- Resistant to mechanic and chemical external factors

COLOUR	VOLUME	ART NO.	PK QTY
