SPECIALISTS

Super Fast. Super Easy!

Farécla G360 is a radical new
polishing system.

G360 Super Fast Compound

G360 Super Fast Compound easily glides over the surface while rapidly cutting to remove P1200 sanding marks - saving time and money. Transparent in use, the operator is able to see these marks disappear permanently.

- Removes P1200 or finer scratches
- Use on all refinish clear coats and OEM paint
- Heavy viscosity for reduced sling and easy clean-up
- Easy glide technology

PART NUMBER	SIZE	CASE QUANTITY
66623390600	1 Liter	6

Applications: Use on a clean, cool surface. Use an electric or air buffer set between 1200 - 1500 rpm, applying light pressure. In each step, apply enough (dime size) compound to the paint surface to work a 2x2ft area. For best results, use enough compound to keep a thin wet film on the surface for several passes.

G360 Super Fast Finish

G360 Super Fast Finish easily eliminates swirl marks and other minor defects rapidly and with little effort, leaving an enhanced deep gloss finish. Transparent in use, the operator is able to see the permanent results.

Ideal for darker colors, after using G360 Super Fast Compound system.

- Ultra high gloss finish
- Eliminates swirl marks and fine scratches
- Transparent in use
- Minimal wiping

PART NUMBER	SIZE	CASE QUANTITY
66623390601	1 Liter	6

Applications: Recommended for use to remove compounding swirl marks and fine scratches from all types of refinish of factory applied automotive paints. RPM should be between 800 - 1200 rpm, apply light pressure.

Clean and Protect

Is a silicone and VOC free product that offers immense cleaning power and leaves a long-lasting protective layer on the surface. Rapidly removes compound, residue, dust, fingerprints, and other contaminants from paint, gelcoats, glass, and plastics.

- Silicone and VOC free formula
- Does not leave streaks or residue
- High gloss finish with long-lasting protection
- Easy-to-use product with a great smell

PART NUMBER	SIZE	CASE QUANTITY
78072766935	1 Liter	6

Applications: Lightly mist onto the surface. Use a clean microfiber cloth to immediately wipe off polishing residue. Using a second clean, dry microfiber cloth, buff the surface. For tougher contaminants, allow the product to sit for a few seconds before wiping.

Note: If product is left and dried on the surface, wet with more product and wipe.

Farécla

Witness the Ultimate Comprehensive Refinishing Solution System

Farécla G360 Compound, Finish and buffing pads are the perfect combination. Manufactured using the finest engineered foams specifically designed for cutting, polishing, and finishing the Farécla CCS Waffle buff pads are designed to allow air to circulate through the pad reducing heat build-up.

PART #	DESCRIPTION	STD. CASE
8" Single-Sided CCS Waffle Foam Pads		
666233 91306	Cutting - White	6
666233 91307	Polishing - Black	6
666233 91308	Finishing - Blue	6
666233 91315	Cutting Wool Pad	6
8" Double-Sided CCS Waffle Foam Pads		
666233 91310	Cutting - White	6
666233 91311	Polishing - Black	6
666233 91312	Finishing - Blue	6
666233 91309	Cutting Wool Pad	6
662544 35696	Cut-Polish Foam Pad - Black/White	6

PART #	DESCRIPTION	STD. CASE
3.5" CCS Waffle Foam Pads		
666233 91319	Cutting - Orange	6
666233 91320	Polishing - Black	6
666233 91321	Finishing - Blue	6
666233 91318	Cutting Wool Pad	6
Accessories		
666233 91314	8" Back-up Plate	6
666233 91316	3" Back-up Plate	6
666233 91317	3" and 6" Rotary Extensions	6
666233 91313	8" Pad Adapter	6
666233 91330	8" Double-Sided Pad Adapter - Quick Connect	6
666233 91496	16" x 16" Grey Farécla Detail Microfiber Towel	25
666233 91497	16" x 16" Blue Farécla All Purpose Microfiber Towel	10

Farécla G360 Super Fast Compound and Finish is a radical new polishing system developed to eliminate the need for expensive finer grit abrasives which many other compound/polishes do not.

Please follow the below best practices as the Standard Operating Procedure for both dark and light colored vehicles:

Dark color system recommendation:

- Prep area by sanding with 1500 and 2000 grits (Q175 and Q255 foam)
- Use the Farécla Buffing system:
 1. Use Farécla G360 Compound with Farécla wool or white foam pad
 2. Use Farécla G360 Compound with Farécla black foam pad
 3. Use Farécla G360 Polish with Farécla blue foam pad

Light color system recommendation:

- Prep area by sanding with 1500 and 2000 grits (Q175 and Q255 foam)
- Use the Farécla Buffing system:
 1. Use Farécla G360 Compound with Farécla wool or white foam pad
 2. Use Farécla G360 Compound with Farécla black foam pad
