**FANTASTIC PAIRING**

Both Norton Blaze and Norton Bear-Text file belts are featured in the File Belt Tool Kit. Norton Bear-Text non-woven synthetic material bonded with a smear-resistant adhesive enables aggressive cutting action and quality finish while maintaining its non-loading feature. Norton Blaze R980P advanced ceramic alumina grain with "super-size" grinding aid provides a cooler cut during use for improved part finish and integrity with a longer belt life. Both are fantastic abrasives that are sure to get the job done!
