FINISH APPLICATORS****CREATED WITH THE CONTRACTOR IN MIND**

Each product category of Norton hardwood floor finish applicators are a combination of innovation and economy.

Lamb's Wool Blocks and Refill Pads

Our synthetic lamb's wool blocks and refill pads are made out of high quality material to ensure an excellent coating of finish. The refill pads include a drawstring that is tied around the block making the attachment and removal of the lambs wool refill pad a snap saving time and money.

- Synthetic lamb's wool pads for smooth and consistent application
- Easy and quick "tie-on" pads
- Economical

Trim Tool and Refill Pads

The trim tool and refill pads use a unique hook and loop application making the attachment and removal of the pad easy and safe. No more worrying about the pad sliding out of the holder. It makes cleaning the pads much easier. The tool itself is designed with a low-profile "button" style handle that allows you to hand apply finish into tight areas. Moreover, you can detach the handle to get to the threaded portion of the tool to attach a pole.

- Hook and loop attachment
- Wide pad for greater coverage
- Comes with button style handle and threaded pole attachment

T-Bars

Our durable and rugged T-bar construction is designed for longevity. The in-line swivel makes turning and pulling finish easier and smoother. The rugged pole attachment design will work with most any pole.

- Durable construction for long life
- In-line swivel makes turning easier and more fluid
- Can be used with most poles
