

BACKING UP THE PROS ON LARGE DRYWALL JOBS

Norton WallSand Cloth Drywall Sheets are engineered with an ultra-durable cloth backing that allows the abrasive sheet to last much longer than standard paper backed sheets. The aluminum oxide grain delivers excellent stock removal and leaves a finer, smoother surface finish than other types of abrasives. The superior flexibility of the cloth sheets allow you to sand into corners without gouging and makes it easy to apply to your sander more quickly. Norton WallSand Cloth Drywall Sheets are designed to provide professional contractors the backing needed to succeed on large drywall jobs.

FEATURES & BENEFITS

- Tough cloth backing provides excellent durability and extends product life
- Aluminum oxide grain delivers aggressive stock removal, yet softer surface finish
- Highly flexible paper is perfect for inside corners and easy application to sanding tool
- Larger Job Pack quantities are convenient for larger jobs
- Die-Cut sheets fit standard sanding tools perfectly
