SAINT-GOBAIN

SIDE REINFORCEMENT - STUD

14" x 3/32" & 7/64" x 1" CHOP SAWS - SQUARE TUBE

CENTRAL REINFORCEMENT

14" x 3/32" & 7/64" x 1" CHOP SAWS - SQUARE TUBE

CHARGER CHOP SAW WHEEL – TYPE 01 (++++)

When high performance is valued, this wheel offers increased performance and life. The unique Zirconia Alumina Aluminum Oxide blend is the ideal combination for producing industrial performance when cutting pipe, angle iron, rebar and steel studs.

UPC	PART #	SIZE	APPLICATION	MAX RPM	STD PKG
70184601625	CS14CHSR	14" x 3/32" x 1" Side Reinforced	Metal/Stainless	4,365	10
70184601624	CS14CHST	14" x 3/32" x 1" Side Reinforced	STUD	4,365	10

CLASSIC CHOP SAW WHEEL – TYPE 01 (+++)

Good selection when speed and price are of the utmost importance. Featuring an aluminum-oxide abrasive, this wheel produces industrial performance when cutting conduit, tail pipes, structural and other solid shapes.

UPC	PART #	SIZE	APPLICATION	MAX RPM	STD PKG
70184601477	CS14CL	14" x 3/32" x 1" Center Reinforced	Metal/Stainless	4,365	10
70184601478	CS14CLSR	14" x 3/32" x 1" Side Reinforced	Metal/Stainless	4,365	10

Wheel Type/Reinforcement

TYPE 01/41 STRAIGHT SIDE-REINFORCED CUT-OFF WHEEL

Side-reinforced wheels have two full layers of reinforcing and are designed for a fast cut and the most aggressive applications. All Purpose, Free Cut, and Long Life are side reinforced.

TYPE 01/41 STRAIGHT CENTRALLY-REINFORCED CUT-OFF WHEEL

Centrally-reinforced wheels have a single layer of reinforcing with exposed rough sides for free-cutting, non-binding applications where minimal burr and burn are the key requirements.
