

WALK-BEHIND DIAMOND BLADES

Norton Clipper Charger professional grade cured concrete blades are among the finest in the industry. Now with improved technology for high-performance wet cutting hard aggregates with medium reinforcement. The increased diamond depth in this Charger blade's segment specification allows for extended life and fast cut for medium-to-large jobs. Deep sawing is easily achieved on saws up to 35 HP.

WALK-BEHIND
DIAMOND BLADES

INCREASED DIAMOND DEPTH FOR LONGER LIFE

WIDE GULLET - BETTER RESULTS ON SOFT MATERIALS

SLANT SEGMENT - AGGRESSIVE CUTTING ACTION

FEATURES & BENEFITS

- iHD technology provides up to 20% faster cut rate than previous technology
- Up to 20% longer life thanks to increased segment height, a high-density and more even distribution of diamonds throughout the segment, as well as better grain retention
- Less vibration for a smoother, more comfortable cut and better cut quality
- Stronger torque-resistance for exceptional safety thanks to the iHD process

Reinforced Concrete and Harder Building Materials

Reinforced concrete, hard bricks, limestone, terrazzo, and other hard materials.

Charger – Wet – Hard Aggregates

UPC	PART #	SIZE	MAX RPM	SEGMENT HEIGHT
