GOLDTM
RESERVE

PERFORMANCE YOU CAN BANK ON

Norton Gold Reserve A296 discs and sheets provide a premium performance without the premium price. The design is optimized for dry sanding with an anti-clog, waterbased stearate coating engineered to extend product life for fewer disc changes. Using a premium, sharp-shaped aluminum oxide abrasive and a durable, yet flexible, latex paper backing makes Norton Gold Reserve products ideal for use on a broad range of substrates, including primed or painted surfaces, wood, composites, aluminum and ferrous metals.

GOLD RESERVE A296 DISCS, SHEETS AND ROLLS

- P-graded premium aluminum oxide abrasive produces a quick, cool cut and a more consistent surface finish
- Strong C wt. latex/paper backing resists tearing while staying conformable and flexible to the workpiece
- Waterbased, non-loading (No-Fil) coating resists clogging and increases disc life
- Hook & loop and PSA backing mean quick and easy disc changes when doing multiple sanding steps
