

# CONTAMINANT ELIMINATOR PAD

## A SLEEK FINISH

REVvive by RSG Contaminant Eliminator Pad is designed with advanced rubber polymer technology replacing the use of clay bars. Unlike clay bars that require reshaping, the pad glides along surfaces for sturdy and controlled handling and is cleaned by simply washing off with water. REVvive by RSG Contaminant Eliminator Pad, available in both 6 inch and 3.5 inch sizes, delivers a smooth and flawless shine in less time with greater efficiency and longevity.

### SAFELY AND EASILY REMOVES

- Paint Overspray
- Fresh Tree Sap
- Other Bonded Contaminants
- Water Spots
- Brake and Rail Dust

### FOR USE ON THESE SURFACES WITH A DUAL ACTION TOOL OR HAND

- Automotive Paint
- Moldings
- Chrome
- Glass
- Plastic

666233 <b>91334</b>	3.5"	1/48

**Directions:**

Use ONLY on clean, cool surfaces. Adequate lubrication is critical to the application and water is NOT an acceptable lubricant.

**Step 1**  
Thoroughly wash and rinse vehicle free of dirt and debris. Remove any tar and/or grease prior to application.

**Step 2**  
Mist sufficient lubricant onto the surface evenly.

**Step 3**  
Polish the surface with REVvive BY RSG Contaminate Eliminator Pad using light pressure using REVvive by RSG Hand Strap, Dual Action Tool or Hand.

**Step 4**  
Wipe off residue.
