SAINT-GOBAIN

ABRASIVE SOLUTIONS

NEXT DAY DELIVERY

This core range of products represents some of our most popular items, which are well-established in the maintenance and repair markets. In addition, we are dedicated to providing you with the best customer service, as well as offering technical support from our Application Engineers and Technical Support Managers. If there is a specific product or process that is not covered in this guide, then please refer to the 'Abrasive Solutions, Industrial Applications' main catalogue or speak to your local representative for further support.

DIFFERENTIATION IN THE RANGES

The products in this catalogue are classified into four quality tiers (ENTRY/GOOD/BETTER/BEST) to help you choose the right product for your specific application.

E-PARTNER

Saint-Gobain Abrasives offer online ordering through a full EDI ordering facility.

If you are interested, please contact the Customer Service Team.

Telephone: +44 (0) 1785 279 553
Email: sga-uk@saint-gobain.com
Opening times: Monday to Thursday: 8.30am - 5.00pm
Friday: 8.30am - 4.30pm

ONLINE ORDERING MADE EASY

With MyAbrasives, the ordering process is simple:

The first screenshot shows a search results page with filters on the left and product cards. The second screenshot shows a shopping basket with a table of items. The third screenshot shows the checkout process with payment and shipping options.

PRODUCT	PRICE	QTY
FIBER DISCS NORTON-F827-115X229120 PART NO. : 63642532025 Up To 25 PC: Estimated Ship Date Is 25/05/2018 If Order Is Placed Today	GBP 0.29	25
HANDY ROLLS NORTON-R222-50X25M240 PART NO. : 63642531801	GBP 14.08	1

MAKING ORDERING EASIER:

- Detailed product information and specifications, including images and videos
- Access to order confirmations, product availability and delivery lead times
- Available from smartphones, tablets and PCs 24/7
- Automatically creates a list of most frequently ordered products for ease of future ordering
- Save favourite lists to make ordering quicker and easier

myABRASIVES FEATURES AND SERVICES

Product search: search by UPC, name, category, EAN number and filter and sort search results
Order history and reordering: see your past orders across all platforms (EDI, ABx, phone and fax). Invoices, debit/credit notes and shipping status is also visible in the 'Order History' section.

Quotes: request and track quotes directly

Saved orders: save orders for future reference by putting multiple items in your cart and saving. You can also add a note to indicate future order frequency.

Bulk orders: upload a CSV file directly into the system rather than having to search for each product individually.

Recommended for you: shows related products you may like to order.

Extra support: navigate the system with FAQs and how-to videos or contact our dedicated helpline.

SERVICE & SUPPORT WITH YOU IN MIND

At Norton, we're not just focused on providing great value products, but on adding value through great service. Our customers are at the heart of what we do, so we offer many support packages designed to add value to everyday processes.

TEST EXPERT

The 'Test Expert' platform is a digital comparison tool, designed to measure efficiency improvements gained by using Norton abrasives. Our sales teams are always available to perform comparative tests with you at end-user level, quantifying savings and providing real life and real time evidence of the benefits Norton offers. We're always at your side to provide the highest level of satisfaction.

CLOSER TO YOU

Our manufacturing and distribution centres are located in the UK and across Europe and are supported by a wide logistics network. We offer a local service on a global scale, always close to you. Combine this with highly specialised sales and customer service teams, offering you support, handling enquiries and providing technical knowledge, we're always pushing to drive business together.

TRAINING

Thanks to many years' practical experience in the field, our application engineering team are able to pass on their knowledge and expertise through 'hands-on' training or virtual sessions designed to educate your teams and enrich their skills to help them work with your customers and find the best abrasive solutions.

Whether you're a newcomer or an experienced player in a highly specialised industry, the Norton training service provides specialised and practical knowledge on how to safely use abrasive products and get the maximum performance every time.

Thanks to our dedicated network of engineers, we're able to visit you at your preferred location or alternatively, we have a dedicated training centre in the UK, where you are welcome to visit.
