AUTOMOTIVE TAPE SOLUTIONS

**40%* MORE
CONFORMABLE**

Norton Performance Tape suitable for all automotive masking applications.

Our NEW automotive aftermarket masking tape is specifically designed for use with water based painting systems.

Offering 110°C high temperature performance and superior water resistance, our Norton tape will grip & stay on when applied, with no lifting or edge curl, yet offers clean and easy removal.

Conforming to all shapes and contours with high flexibility and edge tear resistance this tape is ideal for all automotive paint applications.

FEATURES & BENEFITS

- **Excellent solvent & water resistance, this tape can be used with both paint systems**
- **Smooth Crepe Paper. Surface smoothness promotes a good clean paint line whilst preventing paint bleed**
- **Positive Grip. Offers good instant adhesion with superior holding power**
- **Premium Performance. Provides clean removal, with no residue and resists slivering**
- **Coloured Masking. Orange crepe paper makes the rolls easily identifiable and offers good visibility.**

40%* MORE CONFORMABLE

Automotive Application

For automotive or industrial painting and other similar applications.

Solvent & Water

Solvent and Water based paints suitable for a wide range of body shop applications.

High Temp

Pressure sensitive rubber adhesive high temperature tape rated to 110°C / 30 min.

Edge Finish SHARP

Sharp Edge finish with excellent edge bleed resistance for accurate lines.

Adhesive HIGH

Adhesive Excellent adhesion transfer and removability performance.
