SCUFFING SOLUTIONS
CONFORMABLE

CONFORMABLE

NON-WOVEN PADS, ROLLS & DISCS

The competition hasn't even scratched the surface when it comes to performance like this.

When you use a Norton Bear-TEX pad you want it to grab what you're scuffing. You want it to cut fast and last long. That's what you get with top performing Norton Bear-TEX pads.

The perfect mix of consistently-graded grain in an advanced resin system makes for an amazingly fast cut with a finish that's noticeably better than other pads.

FEATURES & BENEFITS

- High-quality non-woven fibre lasts longer than competitive pads
- Even grain distribution on two sides results in a very consistent scratch pattern and delivers extra long life on both sides
- Available in a wide range of grits for every step in the paint preparation process
- Can be used wet or dry for maximum versatility in all applications
- Rolls are perforated every 150mm for easy tearing and just the size needed
- Perfect for use with Norton Scuff Gel to clean, de-grease and abrade in one step
- Thin-Flex pads offer extraordinary flexibility getting into hard-to-reach areas and on contoured surfaces

DESCRIPTION	FEATURE	COLOUR	PART NUMBER	PACK QTY
115 x 230mm Thin-Flex Pad
