MASONRY SAW CM43

NORTON CLIPPER CM43

FEATURES & BENEFITS

- Tiltting head allows bevel cuts up to 45°
- Wide conveyor cart and long reinforced frame allows the operator to cut a 60 x 60cm slab in two 30cm halves
- Wide conveyor cart with tilted wheels, anti-pivoting and locking system provides great stability and durability
- Highly accurate cutting guide with per-degree angular setting, facilitates quick, precise and easy cutting without additional accessories
- Plug & Play water pump allows quick and easy maintenance of the machine without waste of time

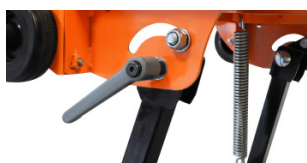

The Norton Clipper CM43 is a lightweight and portable masonry saw. Wider and longer than most equivalent machines on the market, CM43 can cut a 60x60cm slab in 2 halves of 30cm. Featuring a strong frame, folding feet and conveyor cart which improves stability, ensures easier use with the adjustable tilting head (90°-45°)
