# NORTON BLAZE SANDING CLOTH R980P

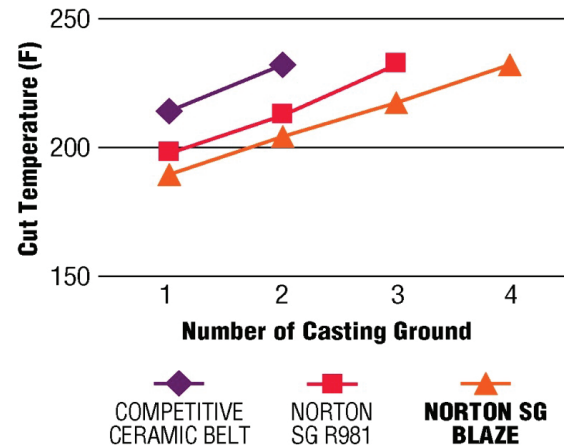

TRUE FINISHING INNOVATION WITH NORTON BLAZE R980P, IT'S A NATURAL EVOLUTION OF SANDING EXCELLENCE ALONGSIDE THE PURSUIT OF PERFECTION.

Norton Blaze R980P made with next-generation Norton SG ceramic alumina grain that cuts cool on steels, cobalt, chrome, Inconel and titanium. A lubricating grinding aid provides burn-free grinding while minimizing loading and helping improve part integrity. The long-lasting belt has a waterproof Y-weight polyester cloth backing for good body retention, improved grain adhesion and reduced edge fray.

### Norton BLAZE Features and Benefits

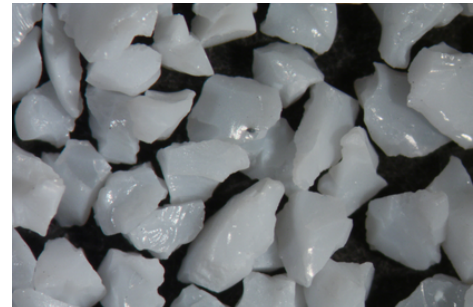

- ◆ **Next Generation SG Ceramic Grain**
  - Resists wear during use, faster cut rates and longer life
  - Significantly cooler cutting action
- ◆ **New, Improved Y-wt. Polyester Cloth Finish**
  - Improved grain adhesion
  - Better edge fray resistance
  - Improved body retention, longer cut life
- ◆ **Improved Resin System**
  - Better grain retention
- ◆ **Improved "Supersize" Grinding Aid Coat**
  - Cooler cutting action and longer life on alloyed metals
- ◆ **New, Unique Color**
  - Differentiates Norton BLAZE R980P from all other belts on the market

### SG Ceramic Grain:

New Norton BLAZE ceramic grain shape is sharper with keener cutting edges that generate a more aggressive yet cool cut.

- ◆ Improved Chemistry for a "harder" grain
- ◆ "Sharper" more "elongated" shape

### R980P Design

- ◆ Black Y Polyester backing color with new Saturation Resin
- ◆ New Ceramic Grain 100%
- ◆ Std Make Formulation
- ◆ New Size Formulation (with special additives)
- ◆ Supersize cool cutting
