

NORTON

SAINT-GOBAIN

40% LONGER LENGTH

PLASTIFILM MASKING FILM

LONGER LENGTH MASKING FILM

Norton Plastifilm provides the perfect solution for excellent protection of car bodywork when spraying primer and paint during the repair process. Now available in longer 170 m rolls, save time with less roll changeovers, and emissions from less transportation.

170
METRE

FEATURES & BENEFITS

-  Longer length reduces roll changeovers in the booth, saving time and reduces CO2 emissions in transportation
-  Heat resistant polyethylene film allows for drying up to 110°C and infra-red drying to reduce process and cycle times
-  Corona Treatment allows paint to adhere to the outside layer eliminating flake-off and prevents imprint marking on damp vehicles
-  Static Treatment adheres to the car surface and immediately moulds to the shape without tearing
