WELCOME TO THE

NON-WOVEN ATTACK PACK

Designed to help us take victory in our Non-Woven must win battle and ensure we're fully equipped to win in the market, this interactive Attack Pack brings together our marketing tools in one location.

Easy to navigate, browse by product category, or by the type of tool you need, and access every resource with a single click.

HOW TO USE THIS CATALOGUE

- 1. Explore by category** - Jump straight to one of the seven product families using the main menu.
- 2. Choose the marketing tool you need** - Within each category, you'll find brochures, application guides, training materials, videos, social media, and more.
- 3. Click to open** - Each image or button links directly to the resource - open, view, or download instantly.
- 4. Navigate easily** - Use the buttons at the bottom right of each page to move **Back**, **Next**, or **Home** to **Category Overview**.
