**Trim Tool and Refill Pads**

The trim tool and refill pads use a unique hook and loop application making the attachment and removal of the pad easy and safe. No more worrying about the pad sliding out of the holder. It makes cleaning the pads much easier. The tool itself is designed with a low-profile "button" style handle that allows you to hand apply finish into tight areas. Moreover, you can detach the handle to get to the threaded portion of the tool to attach a pole.

- Hook and loop attachment
- Wide pad for greater coverage
- Comes with button style handle and threaded pole attachment

**T-Bar Sleeves**

Our t-bar sleeves are comprised of high-end flocking material along with durable tubing to give you a long lasting and consistent product. Each cover is a half an inch longer than the t-bar itself giving you an area to grab onto the cover and pull it off easily.

- Outstanding flocking material
- Tear resistant foam backing
- Tough durable tubing
